

## **MEDASSETS AWARDS PRIORITY ONE SCOPE AND INSTRUMENT REPAIR SERVICE AGREEMENT**

TEXAS, Nov 3, 2009 - MedAssets Supply Chain Systems and Priority One (medical equipment repair division) have entered into an agreement that provides MedAsset customers access to Priority One's extensive repair service capabilities.

Through this agreement, Priority One will serve as a multi-source provider of scope and instrument repair services to MedAsset members. Through significant investments in state of the art facilities and equipment, cutting edge technology and the latest in research and development, Priority One's repair capabilities have expanded over the past sixteen years to include the repair of flexible endoscopes, rigid endoscopes, surgical cameras, EndoEye video laparoscopes, and orthopedic power equipment. Priority One's repair capabilities encompass specialized repairs such as the DaVinci Robotic Endoscope and other advanced technologies.

"This award demonstrates our continued persistence in recognizing customer needs and adjusting our capabilities to meet the ever-changing demands of the repair industry," said Priority One President, Ryan Williams. "We are proud to be chosen to partner with Med Assets and look forward to assisting their membership in realizing significant savings through utilizing Priority One's innovative approach to medical equipment repairs."
